

## **TOMO wins “2<sup>nd</sup> Place Medal” and “The Invention & Innovation Award” at the Geneva Invention Expo**

Tomorrows' Motion GmbH attended the 47<sup>th</sup> International Exhibition of Inventions Geneva on the 10<sup>th</sup>-14<sup>th</sup> April 2019. The exhibition is the largest showcase of inventions and innovations in the world, presenting a range of inventions from healthcare to security and sustainable solutions.

From a total of 825 exhibitors at this year's exhibition, only 60 high-level inventions were awarded a prize, including Tomorrow's Motion GmbH. The awards were devised from an international jury of 82 specialists, as well as three medals presented to the top inventions displaying the qualities agreed on by the international jury.

TOMO received the Invention and Innovation Award of the Hong Kong Federation of Invention and Innovation, presented by Dr. Andrew Young, the Vice Present of FITMI. For the final three medal prizes, the International Jury selected TOMO for the Silver Medal, as one of the top inventions to display the qualities required by the Jury.

The exhibition was a great stage for TOMO to showcase their newest prototype to the public of Geneva and the other exhibitors.
